

RYAN A. DECKER

Chief, Industrial Output section, Federal Reserve Board of Governors
20th and C. St. N.W. | Washington, DC 20551
Email: ryan.a.decker@gmail.com | Website: <http://www.rdecker.net>

EDUCATION

Ph.D.	Economics, University of Maryland at College Park, August 2015
M.A.	Economics, University of Maryland at College Park, December 2013
B.S., B.A.	Economics, Political Science (minor Mathematics), Brigham Young University, August 2010

RECENT POSITIONS

Chief, Industrial Output section, Federal Reserve Board, 2024-present:

- Manage 21 staff (13 economists) including career development, task allocation and scheduling, performance reviews, and recruiting

- Supervise the section's three major programs:

 - Monthly publication of Industrial Production and Capacity Utilization data

 - Tealbook forecast of the industrial sector

 - Expanded Measurement Agenda for evaluating private sector economic data

- Direct staff research related to section responsibilities

- Pursue active research agenda in entrepreneurship, firm and labor market dynamics, and economic measurement topics

Special Adviser to a Board member (full time), Federal Reserve Board, 2023-2024

- Advised on full range of economic developments and policy decisions

- Assisted with FOMC meeting preparation including economic, policy, and special topic "go-round" statements and SEP forecasts

- Liaised across Board staff of varying job families and seniority

- Monitored daily economic data flow and staff forecast reactions

- Conducted special topic analysis of economic and measurement questions

- Assisted with public-facing engagements including speech drafting and development

- Assisted with governor committee work, especially committees on financial stability and Federal Reserve Bank affairs

Principal Economist, Federal Reserve Board, 2020-2024

- Pursued active research agenda in entrepreneurship, firm and labor market dynamics, and economic measurement topics

- Managed the staff GDP forecast as "GDP coordinator"

- Ran the industrial sector forecast with focus on aircraft, motor vehicles, and oil & gas

- Worked on various private sector/nontraditional data initiatives including as a founding member of the ADP-FRB payroll index team

- Cowrote special topics for staff forecast materials on subjects including small business employment, inventory investment, labor market measurement, industry concentration, and oil & gas production

- Worked on special pandemic projects (individually or on small teams), including:

 - Analysis of industry small business intensity and pandemic exposure

 - Business dynamics analysis and forecast

 - Quantification of coverage needs and gaps related to business lending facilities

Member, Conference on Research in Income and Wealth (CRIW), 2019-present

Adjunct professor, University of Maryland College Park, 2016-2018
Economics of Entrepreneurship (ECON 462)

Economist/Senior Economist, Federal Reserve Board, 2015-2020

Economist, Center for Economic Studies, U.S. Census Bureau, 2011-2015 (Pathways Program)
